## PerSec eXpress INDUSTRIAL SECURITY

PerSec eXpress (PSE) is a paperless, workflow-based automated Case Management solution built for the specific purpose of streamlining the complex Industrial Security management process. PSE was built to cut cost, increase efficiency and deliver visibility into the security clearance process.

Our system allows for a rapid start by uploading your Personnel and JPAS exports, Contracts and Facilities information. PSE is a purpose-built solution to accommodate any Government contract(s)/agencies and evolving requirements.

Regarding the future of the Personnel Security domain, PSE is the only product on the market today addressing the end-to-end lifecycle of Industrial / Personnel Security. PSE combines Suitability, Collateral, SCI Security, Network & Cyber Security, Continuous Evaluation with Insider Threat, and Investigations Management. PSE is a, true, automated, case management platform to secure the entire human supply chain.

### ACCELERATE THE FEDERAL GOVERNMENT SECURITY CLEARANCE PROCESS

PerSec eXpress makes it easy to process candidates and employee onboarding through the security clearance process and easily organize, manage, track, audit and report all associated artifacts and data. Gain acceleration through automation.

### GIVE YOUR SECURITY TEAM THE BEST TOOLS IN THE GAME

Your Security Team will no longer fight with messy spreadsheets, ignored email, manual steps and outdated software that slows them down. With PerSec eXpress, the Security team is in the driver seat and processing candidates fast and error-free. Satisfy your customers, remain compliant, and capture more revenue for the business.

### GAIN TOP-LINE REVENUE, REDUCE BENCH-TIME, AND MAXIMIZE CLASSIFIED POSITION PROFITABILITY

Leverage PerSec eXpress to fill classified positions across your portfolio of contracts ~24 business days sooner than the industry average. An extra 192 billable hours per new-hire makes a significant impact to your business.
